The service will liaise with resource and service providers within the community to determine which networks exist that may connect children and families with the community. The approved provider/nominated supervisor/educators will actively promote the positive aspects of the service to families and the local community. Any family or community concerns will be dealt with promptly to minimise negative publicity about the service. Providing opportunities for students, volunteers and people seeking work experience in education and care services is seen as a community service, and means of promoting quality education and care within the community.

Connecting with the community

- The service holds current information on relevant community resources and makes these available to families.
- The service will invite community members to visit the education and care service to share their social and cultural heritage with the children, families and educators/staff of the service.
- Educators will reflect those cultural values and diversity of the broader community, including Aboriginal and Torres Strait Islander communities, when planning the children's learning and leisure environment.
- Connections with the local community are built through a number of strategies including:
 - Partnerships with families
 - Liaison with other children's services, local businesses, school, health services and organisations working with families and children in the local area
 - Participation in community events

Students, volunteers and other visitors

- Ensuring children's safety and wellbeing will always be the prime factor in any decision to invite visitors to the service.
- Visitors may be invited into the service as part of the children's learning and leisure program i.e. members of the Fire Brigade, Police Department, medical or nursing profession may be invited to share aspects of their work that are of interest to children, community people with a skill, art or experience from which the children will gain experience or enjoyment.

- Volunteers will be accepted for work experience when there are no students on placement at the service and there is evidence of a genuine interest in the work involved. Potential volunteers will be interviewed by the nominated supervisor/approved provider to determine their suitability. All volunteers will be given clear guidelines in relation to their responsibilities and code of conduct whilst at the service.
- All volunteers and students must provide an appropriate current criminal record check or working with children check/card in accordance with the Education and Care Services National Regulations.
- Volunteers and students are supplementary to educator/staff requirements and will not be used to replace absent educators/staff unless they are on the service's payroll.
- All other visitors to the service must make an appointment with the nominated supervisor/nominated supervisor or educator. (See also policy on Establishing a Protective Environment)
- Professional access to the service will be at the discretion of the nominated supervisor/approved provider and (if involving the children) with the parent's written consent. The only exception to this would be in the case of children at risk.
